

During pay period, call AdvoCare
Order Line: 1-800-882-4300.

Order \$1000.00 retail value of seeds (products). Initially, it will cost you \$600.00; however, this cost will be recaptured when product is sold. In addition, \$400.00 profit will be reaped.

Your new products become the seeds to introduce new people to AdvoCare. Without new seeds, **you WILL NOT** be able to introduce AdvoCare.

Share AdvoCare and its opportunity with new persons by planting your seeds (products) in their bodies. For this to happen consistently, you must have a purpose for doing AdvoCare. Your purpose will determine your level of passion, and your passion will sell you. **PEOPLE BUY YOU!!!**

When a seed (product) is planted, a profit is generated immediately. This is called a **Retail Sale**.

Reinvest profit to purchase additional retail product.

It is strongly advised that retail profit be used to purchase new retail product until ALL retail product is consistently purchased with retail profit.
